SENATOR CAL CARSTENS: Mr. President and members of the legislature, I'm going to read the Committee Statement which really tells in a few words what the bill really is. (Read). In my opinion this bill is an extremely beneficial bill to the State of Nebraska, it does keep the power companies, give them the privilege of investing their money in the State, in our State banks, if they pass the requirements for this procedure, it is just good sound legislation and good sound practice for the state of Nebraska, and I move for the advancement for LB 47 to E&R Mr. President.

SPEAKER: Any further discussion of the bill? The question is shall LB 47 be advanced, all those in favor vote aye, all those opposed vote no. Voting on the advancement of LB 47 from general file. Have you all voted? The Clerk will record the vote.

CLERK: 33 ayes, no nays, 16 not voting Mr. President on the motion to advance.

SPEAKER: The bill is advanced. Next take up LB 49 on general file.

CLERK: Title Read LB 49.

SPEAKER: The Chair recognizes Senator Kremer.

SENATOR KREMER: Mr. Chairman this committee amendment only involves the adding of the emergency clause, I move it be adopted.

SPEAKER: Are there any objections to the adoption of the emergency clause? Hearing none, so ordered, the emergency clause is adopted, excuse me, let's do it this way, you've heard the motion to adopt the emergency clause, all those in favor of adopting the emergency clause please say aye, those opposed say no. So ordered. The emergency clause is adopted. Now are there any other amendments to the bill?

CLERK: None.

SPEAKER: Senator Nore.

SENATOR NORE: Mr. President and fellow members, this is merely a housekeeping bill, it takes the ambiguousness out of the statute that we have, and we had a situation where some of our mobile libraries were being taxed, some weren't and the situation is that if one tax body taxes you, another tax body so all we have done is just to add the word library to this statute and so there is no controversy, now last year we had quite a bit of difficulty with the interpretation of the statutes and the motor vehicle suggested that we have this legislation and I might say it was supported by the league of municipalities

and three other folks representing the libraries and city managers. I move that advance LB 49 to E&R for initial.

SPEAKER: Is there any further discussion of the bill? Senator Stromer, did you wish to be recognized, and then Senator Barnett.

SENATOR STROMER: Mr. President, would Senator Nore yield to a question?

SPEAKER: Senator Nore will you yield?

SENATOR NORE: Certainly.
